

Avery Dennison Tools

Tools for the trade, making your job easier.

Use the right tools

Avery Dennison offers a complete selection of tools and accessories designed specifically to make your job easier when it comes to the application and removal of pressure sensitive graphics. At Avery Dennison, we know that the application process is essential to ensure a high quality finish and our range of tools have been designed to help you achieve optimum results.

Tools like the Squeegee Pro and Surface Cleaner are well known within the market, and have contributed to the ease and accuracy of vinyl graphics application - but these are just two items in a range of practical tools for the signmaker and/or applicator.

Inspired by your requirements we have developed an exceptional range of truly functional tools, and they're all available where you buy your Avery Dennison films.

Sophisticated tools for sophisticated applications

Developed **by** professional applicators **for** professional applicators and tested by Avery Dennison experts, the 'Tool Kit' assists with vinyl graphic applications whether they're computer cut, digitally printed or screen printed. You can buy all the tools or just one, it's up to you.

<p>FleXtreme</p> <p>The FleXtreme is a micro-squeegee that is specifically designed for vinyl graphics applications. The blue (harder) FleXtreme is designed to apply film at narrow curves and edges, to ensure seamless application. The red (flexible) FleXtreme is an ideal tool to support film application in narrow, concave parts of a car.</p> <p>25 pieces per box XE6536</p> 	<p>Adhesive Remover 500ml</p> <p>A high performance cleaner designed to ensure that substrates are adhesive-free when graphics are removed. Can be applied directly to the substrate for thorough cleaning after graphic removal. Supplied in a pistol-grip spray bottle for easy and accurate targeting of adhesive residue.</p> <p>6 bottles per box MXD8392</p> 	<p>Air Release Pen</p> <p>A sharp, retractable pin in a handy pen design. Designed to release trapped air and eliminate bubbles during application.</p> <p>1 piece MMC05R1</p> 
<p>Squeegee Pro</p> <p>A medium flex squeegee, and a highly effective tool for flat or slightly curved surfaces. A great choice for vehicle wraps and day-to-day applications like wall panels. Newly upgraded and improved buffer that reduces friction and improves slide-ability on all types of PVC films.</p> <p>12 pieces per box MZA1040</p> 	<p>Cutter</p> <p>Professional quality application knife with a strong, durable metal casing that holds a 30° angled blade securely, for accurate cutting. It offers robust durability and better control, with a casing that does not flex. The snap-off blade tips are ultra sharp, and can be safely stored in the tool's special Spare Blade Box.</p> <p>36 pieces per box XD9275</p> 	<p>Laser Temp</p> <p>Essential for application of flexible cast film into curves and recesses, offering contact-free measurement of surface temperatures. Acts as a thermometer for the inspection of graphic applications to ensure that vinyl is post heated to the correct temperature for application.</p> <p>1 piece MXD5976</p> 
<p>Squeegee Pro Flexible</p> <p>A softer and more flexible version of the Squeegee Pro; an excellent choice for curved applications such as wheel arches and car bonnets / bumpers. Together with the Squeegee Pro, it suits virtually all surfaces, saving time and delivering better results. Newly upgraded and improved buffer that reduces friction and improves slideability on all types of PVC films.</p> <p>12 pieces per box XE1032</p> 	<p>Spare Blades Box</p> <p>The Spare Blades Box combines the functions of a dispenser and a disposable container, providing a safe place to snap off your blades. Supplied complete with 15 spare blades (30° blade angle).</p> <p>45 pieces per box XE1040</p> 	<p>Rivet Brush</p> <p>Wooden handled tool, featuring short stiff bristles, is designed to make application and installation of flexible cut and printed vinyl over rivets and large textured areas such as brick, cement, stucco, banners, metal and other surfaces fast and easy.</p> <p>1 piece MZ1011 (3")</p> 
<p>Squeegee Pro Rigid</p> <p>The most rigid squeegee in Avery Dennison's collection, specially designed for flat application of thick and rigid high-performance products. An advantage of this squeegee is that it has a non-felt side, which easily slides over the surface of the film.</p> <p>12 pieces per box AP8270001</p> 	<p>Snitty</p> <p>A mini-slitting tool, used for fast and safe cutting/trimming of self adhesive material. Supplied complete with blade refill.</p> <p>10 pieces per box MXD6008</p> 	<p>Toolbelt</p> <p>A specially-designed waist belt that fits all Avery Dennison tools. Keeps tools together in one place and allows for fast and easy access during application to keep tools with you at all times. A metal plate is inbuilt to hold magnets. One size fits all.</p> <p>20 pieces per box XE4846</p> 
<p>Squeegee Pro XL</p> <p>A bigger version of the Squeegee Pro. Larger and more rigid, it is great for faster and higher quality application onto large and flat surfaces such as truck sides, buildings and buses.</p> <p>6 pieces per box XD9259</p> 	<p>Application Glove</p> <p>A soft, seamless, friction free cotton glove that helps smooth graphics over the application surface and into curves and recesses. Packed individually.</p> <p>100 pieces per box MZA1164</p> 	<p>Application Set</p> <p>Contains several useful tools, and is a great choice for promotional purposes, customer relationship gifts or sales incentives.</p> <p>Contents: Toolbelt, Magnets, Snitty, Application Knife, Squeegee Pro and Application Glove.</p> <p>1 piece XD9267</p> 
<p>Surface Cleaner</p> <p>A high-performance preparation spray that can be applied directly to the substrate for thorough cleaning prior to graphic application. Enables the removal of all kinds of residue in one single action, including dirt, wax, tectyl, light silicone, cock-pit sprays, and more.</p> <p>6 bottles per box (1Lt) MZA1206</p> 	<p>Magnets</p> <p>These heavy duty magnets are a highly practical aid for holding and positioning graphics. Featuring easy hold handles for repositioning, the magnets are used as an alternative to application or masking tape.</p> <p>100 pieces per box MXD5984</p>
