

Design Exterior Films

Energy Saving, Makeover Films

Avery Dennison Design Exterior window films combine exceptional solar protection with a bold appearance. Compatible with almost all glass glazing types Avery Dennison Design Exterior window films are a great solution for commercial projects with a focus on achieving a strong visual statement.

Design Exterior window films provide convenient, non-disruptive, exterior installation.

DS Bronze X PS

DS Bronze 20X exterior design window film casts a warm coppery glow that complements natural surroundings, yet adds sophistication. **DS Bronze 20X** combines high heat reduction with a proportionally higher percentage of natural light than many other reflective films, making it an attractive choice for both residential and commercial projects.

DS Blue X PS

DS Blue 35X exterior design window film delivers a sophisticated blue tone with minimal visible reflection - transforming colored glazing, making it a popular film in both residential and commercial projects. The strong heat rejection performance of this window film enhances the interior cooling capability of even advanced glazing glass systems.
