## Avery Dennison® Supreme Wrapping™ Film

Superior performance, fast and easy application and removability,  
in your choice of colours and textures

Avery Dennison has introduced new colours to complement its Supreme Wrapping Film series, which features brushed, matte, metallic, gloss, satin, chrome pearlescent and carbon fibre, to reflect today's current trends and market demands.

For a wrapping film that combines performance, versatility and convenience, look no further than Supreme Wrapping Films from Avery Dennison.

These dual-layer films combine colour and clear protective layers, providing a smooth, durable, paint-like finish. Choose from a range of latest colours and finishes, including fresh hues and deep metallics that evoke the dramatic beauty of the Caribbean.

The enhanced film technology and Easy Apply™ RS adhesive technology also allow fast and easy application.

Available in rolls 1.52m wide, Supreme Wrapping films allow large panels to be covered with one piece of material - and no joins - for faster application and a professional finish. With added repositionability and slideability, plus long term removability, personalising your vehicle has never been so easy.

### KEY FEATURES:

- Available in more than 80 colours
- Excellent conformability around curves and recesses
- Patented Easy Apply RS™ adhesive technology
- Exceptional durability and performance
- Provides a coloured film and a protective layer in a convenient, one-piece construction

### KEY BENEFITS:

- Save time on installation with a repositionable, bubble-free application with long-term removability
- Excellent long-term removability with minimal adhesive residue
- Out of the box application, no printing or laminating required
- Easy handling, no application tape needed

### RECOMMENDED USES:

- Personalise your car's appearance
- Corporate fleet branding with company's colour
- Protect your original paintwork
